Vision

01 **Empower Entertainment**

BasedBets envisions a future where individuals globally enjoy innovative gaming experiences on Base chain,

02 **Financial Inclusion**

BasedBets aims to promote financial inclusion by offering accessible and rewarding gaming opportunities that transcend geographical boundaries, enabling diverse participants to thrive.

03 **Safety & Automation**

BasedBets lottery is securely coded into the contract, ensuring automatic winner selection and instant payment upon claim, eliminating the need for continuous admin oversight.

04 **Community Engagement**

We foster a vibrant community of gamers, developers, and enthusiasts, encouraging collaboration to shape the future of gaming on Base chain.

Lottery
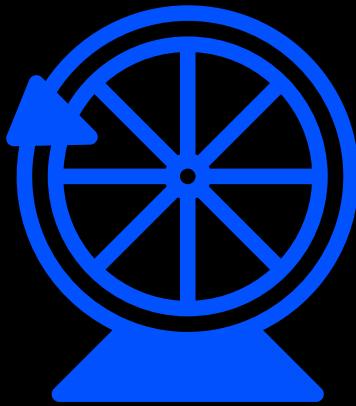

Lottery, our inaugural game launching on Presale Day, introduces a dynamic jackpot system where players use Base $ETH to acquire tickets and fuel the jackpot prize pool.

With 80% of the jackpot distributed to each round's winner, 15% contributed to a shared pool for $BBETS holders, and 5% strategically allocated for token buyback and burning, BasedBets presents an enticing blend of entertainment and financial incentive.

Continuous New Drawing Rounds

Our daily rounds allow entry into the Lottery at any time, offering 24/7 chances to win, regardless of time zone. Each round, occurring every X hours, mandates purchasing a new ticket before the timer expires. We'll introduce pools for different time frames, from daily to weekly, catering to diverse preferences and schedules.

Multichain

BasedBets Lottery will launch on multiple chains, starting with Base Chain followed by other chains.
